

## WINES & LIBATIONS

Great food and drink are the hallmarks of lasting memories. This list was designed with one thought in mind, to make people happy. I have tasted a lot of wines in my short life, and I remember some more than others, but what I mostly remember are the times spent around the table enjoying life with people who genuinely enjoy the verve and excitement that everyday brings. I hope you find wines on here that help you rekindle old memories and enjoy new wines that spawn many more. You may look at the list and feel as if you have never heard of some of these wines, and that may be true, but know that every wine on here and I mean every one, was chosen with care and represents a quality made wine. There may be times when the list changes or we sell out of a particular vintage, don't fret, look at it as an opportunity to explore and try something different. In fact I encourage you to leave your comfort zone and choose something you know nothing about, often you may find a new favorite you never even knew existed.

If you notice an \* next to a specific label, this signifies a personal favorite of mine and means the wine is a great expression of it's terroir. It also means that while I may think it's great, you may feel otherwise and that's ok, falling in love with wine is subjective. In fact many of my favorite wines are reminders of the past and in that way they hold a very special place for me. But, remember your palette is the guide and don't let all this crazy wine talk get to you. Judge for yourself and I guarantee you will enjoy wine a whole lot more.

A small note on our corkage policy. We charge a nominal sum of \$30 for corkage of your wine at the restaurant. We are more than happy to waive the fee if you also purchase 1 for 1 from bottles on our list. We think this is fair, and please consider that we take our wine service seriously and that you are served by professionals. We want you to enjoy your wine, but please understand we are also trying to operate a business and would really appreciate your kind consideration.

To that end, I offer this, enjoy your time here, relax, unwind and know that we genuinely care about your experience. If for some reason we fail to meet your expectations, please let us know, we want to make it right. Live life, eat great food, drink beautiful wine and treasure the memories around the table. Cheers!
